

## Antonov AN-12

The AN-12 is a medium freighter designed for military transport purposes in its early days. It has a 2.5t capacity. The cargo hold is not pressurized and has no air conditioning. There is no loading ramp but the cargo doors are hinged upwards inside the aircraft to allow easy loading from trucks. It can land on unpaved airstrips and has a built-in freight handling gantry ideal for outsized freight and also used to reposition cargo.

### Specifications

|                                |                 |
|--------------------------------|-----------------|
| Manufacturer                   | Antonov         |
| Type                           | AN 12           |
| Cargo Hold Size LxWxH (m)      | 13.5 x 3 x 2.6  |
| Ramp Door Size WxH (m)         | 3 x 2.6         |
| Lower Forward Door WxH (m)     | N/A             |
| Lower Aft Door WxH (m)         | N/A             |
| Bulk Size WxH (m)              | N/A             |
| Payload (kg)                   | 20,000          |
| Volume (m³)                    | 90              |
| Cruise Speed (kph)             | 518 (280 knots) |
| Range Fully Loaded (km)        | 2,385           |
| Runway Length Requirement (m)  | 1,800           |
| Runway Length Requirement (ft) | 5,906           |
| Powerplant                     | 4 x Turboprop   |
