

Lockheed L-100-30 Hercules

The Hercules is a medium-range aircraft that can operate from rough runways and has STOL capability. It can carry 5 463 liter pallets as well as a ramp pallet for baggage. There are rollers in the floor for quick handling of cargo pallets, which can also be removed for flat surface. There is a hydraulically-operated main loading ramp/door assembly located in the rear of the aircraft, which can also be lowered to the ground for loading and unloading of wheeled vehicles. The aircraft also has aerial drop capability.
